Hello Lisa,

We have poured the new concrete cap at the pole base today. We have also capped the broken sprinkler head that was flooding the area.

Thanks,  
Jeffrey Ziliotto

Dear Jeff:

I wanted to bring this matter to your attention of the standing water located in the public right of way on Seward Street at Eleanor. I have attached two (2) photos for your reference. It appears that the orange safety cones are from Street Lighting. Let me know what the course of action on this issue is?

Approximate Address: 1018 Seward Street, Hollywood, CA 90038 (Directly in front of Sunset Las Palmas Parking Lot B)

Thank you for your attention to this matter.

Regards,

Lisa Schechter
